**National Time & Signal**

The 900 Series Fire Alarm Document Cabinet provides safe and secure storage for on-site system documents meeting the NFPA 72 requirements.
The A900-FDC is fabricated from durable 20ga galvannealed steel with powder grey paint clearly marked with red overlay. The 31" tall box is sized to fit a roll of plans and documents up to ARCH E1 format. The door latch can accommodate a padlock by others.
